Ref: WSPS Athlete Committee Application Endorsment

We are writing to you on behalf of the Argentine Paralympic Committee to express our support and endorsement of the nomination of Mr. Osvaldo Gentili as a member of the WSPS Athletes Committee.

Osvaldo Gentili is an outstanding Argentine athlete who has dedicated his life to sport and promoting the values of inclusion and sporting excellence. His commitment to the Paralympic community, his integrity and his leadership skills make him an exceptional candidate to represent and advocate for the interests of athletes internationally.

Throughout his sporting career, Osvaldo has demonstrated a deep understanding of the needs and challenges faced by Paralympic athletes around the world. His experience as a competitor, as well as his active participation in athlete development and welfare initiatives, place him in a privileged position to contribute significantly to the work of the Athletes Committee.

We firmly believe that the inclusion of Osvaldo Gentili on the Athletes' Committee will enrich the diversity of perspectives and experiences represented in this crucial body of the Paralympic movement. His commitment to equal opportunity and dedication to improving conditions for all athletes are qualities that make him an exceptional candidate for this position.

Therefore, we respectfully request that Osvaldo Gentili's application as a member of the Athletes' Committee of the World Shooting Para Sport Athlete Committee be considered favorably.

We appreciate your attention and consideration.

Sincerely,

Gustavo Borro

Línea de entrenamiento a deportista discapacitado años 2.000 – 2.003:

Comenzamos el entrenamiento para la práctica del tiro deportivo con pistola, tres años atrás con el Sr. Osvaldo Gentili, Credencial F.A.T. n°: 6702.- deportista de 44 años de edad, que presenta importantísima discapacidad física.

Se trata de un enfermo que presentó encefalitis posvaccinal a los 21 meses de edad.

Durante su niñez, a la parálisis de miembro superior e inferior le siguieron, gravísima deformidad de miembro superior izquierdo y parálisis con atrofia extrema del miembro inferior del mismo lado. Hemiplejia izquierda

A raíz de la deformidad, el miembro superior se mantiene adosado a su zona dorsal en forma permanente, pudiendo ser movilizarlo en forma pasiva solo mínimamente por acción del miembro sano.

La deformidad del miembro inferior izquierdo y sobre todo de pierna y pie, que le impedía la marcha, hace años, hizo que la indicación médica fuera la de amputar por debajo de la rodilla. De esta manera podría usar prótesis y conseguir la marcha con ayuda de bastón, que lógicamente manipulea con miembro superior derecho.

Hijo de padre tirador de fusil de muy buen nivel y hermano también tirador de excelente nivel de arma larga, frecuentó desde niño los polígonos de tiro.

A no dudarlo, la carga familiar ha influido en el gusto por la práctica de este deporte, dejando además a la discusión especializada, la presencia de una carga genética que posibilita y exterioriza la motivación y aptitud por el tiro, que quedaría demostrada a lo largo de su entrenamiento de tres años.

Conocedor de las reglas más elementales del deporte del tiro, por haber concurrido desde niño a los polígonos en compañía de su familia y participar activamente de la organización institucional y ambiente social de este tipo de deporte de precisión, comenzamos el entrenamiento con pistola C .22.- marca Browning, en la disciplina de pistola Standard.

La primera necesidad fue lograr una posición corporal adecuada para la práctica de un deporte, donde el equilibrio juega un factor fundamental. Para ello describiremos los ejercicios mas importantes en que consistieron las sesiones iniciales de entrenamiento.

El primer trabajo realizado correspondió a encontrar la posición de tiro y trabajar fundamentalmente sobre el equilibrio en posición de pie, ya que al ser un amputado y presentar una marcadísima hipotrofia de los músculos del muslo, se han perdido los sensores de uno de sus miembros, debiendo desarrollar al máximo posible este sentido básicamente con su miembro derecho, ya que el izquierdo solo ha de poder utilizarlo como apoyo o ayuda sostén.

En esta misma posición y sin la ayuda del sentido de la vista, se le instó a que provoque una leve inclinación hacia delante, atrás y ambos lados, fijando toda su atención en el trabajo muscular que realizan los distintos grupos agonistas y antagonistas, responsables del mantenimiento de su equilibrio, percibiendo la sensación de tensión y trabajo muscular en su miembro inferior activo y del resto de su musculatura que contribuye a mantener una eficaz posición de tiro. Hablamos básicamente de los músculos paravertebrales, músculos anchos del abdomen y músculos cervicales.

De esta manera, sabrá interpretar más adelante, la tensión y sensación de trabajo muscular, al haber aprendido a percibir claramente cuando sus contracciones fibrilares lo hagan en forma despareja, en caso de perder el grado de equilibrio necesario.

La posición del miembro superior izquierdo, ni se mencionó en estos ejercicios, ya que se encuentra fija sobre la espalda sin posibilidad de cambio de posición, debido a las secuelas de su enfermedad. Justamente, la fijeza permanente del mismo, hace que no influya, ni exista la posibilidad de producir algún desbalance, una vez alcanzada la posición de equilibrio.

El levantar el arma con su miembro derecho hasta que se dirigiera directamente al centro de la diana con los ojos cerrados, en un número importante de veces antes del primer disparo, fue una constante en cada día de entrenamiento.

De igual manera y con similar intensidad se practicó el mantener el arma alineada con el centro el centro del blanco con los ojos cerrados, hasta que por lo menos durante 10 a 15 segundos se mantuviera en línea de puntería sin desviaciones de importancia.

Al cabo de un prolongado período, logró encontrar la posición correcta al corregir centímetro a centímetro la posición del pilón.

CONTINUA el TRABAJO

A Supporting Letter for Mr.Chao DONG as member of World Shooting Para Sport (WSPS) Athletes' Committee

Dear Friend and Colleagues from WSPS,

I, the undersigned hereunder, officially nominate and fully support Mr. Chao DONG, as candidate for both chairperson and member of World Shooting Para Sport (WSPS) Athletes' Committee.

Mr. DONG has over 20 years' experience as a professional sportsperson with outstanding performance and achievement. Alongside with the success in his shooting sports career, the strong communication skills full of sincerity, upright personality, careful working manner, open mind, good team spirit, and modest manner make him very confident in meeting any challenges.

DONG was as member of para shooting team of Sichuan province,China for over 16 years.With the belief that sport makes change, he has been engaged in professional shooting training for the disabled for more than 18 years, and has a deep understanding of shooting events for the disabled, especially rifle events.

As the Chinese representative to WSPS, his professional skills and experience in the sports for persons with disabilities will facilitate him to

provide assistance to WSPS to promotion and development of world shooting para sports. It will surely benefit not only China but also other developing countries in the world as he can put his skills and the Chinese experiences in disability sports into worldwide application.

For these reasons, I believe that Mr. DONG is suitable and capable candidature, and I hope you, my dear colleagues and friends, support him so that he can contribute further to WSPS family and the future success of our common cause.

Yours sincerely

ZHAO Sujing

A Supporting Letter for Ms.Cuiping ZHANG as member of World Shooting Para Sport (WSPS) Athletes' Committee

Dear Friend and Colleagues from WSPS,

I, the undersigned hereunder, officially nominate and fully support Ms. Cuiping ZHANG, as candidate for member of World Shooting Para Sport (WSPS) Athletes' Committee.

Ms. ZHANG has almost 20 years' experience as a professional shooting athlete with outstanding performance and achievement. Alongside with the success in her sports career, the strong communication skills full of sincerity, upright personality, careful working manner, open mind, good team spirit, and modest manner make her very confident in meeting any challenges.

ZHANG worked for local disabled persons' federation in Yongnian, Hebei Province, China for several years. With the belief that sport makes change, she has been engaged in professional shooting training for the disabled for almost 20 years, and has a deep understanding of shooting events for the disabled, especially rifle events.

As the Chinese representative to WSPS, her professional skills and experience in the sports for persons with disabilities will facilitate her to provide assistance to WSPS to promotion and development of world shooting para sports. It will surely benefit not only China but also other developing countries in the world as she can put her shooting skills and

TYLER ANDERSON

WORLD SHOOTING PARA SPORT SENIOR MANAGER

World Shooting Parasport

Dear Tyler Anderson :

I am contacting you to express my interest in the position of Chairperson of the Athlete Committee offered by World Shooting Para Sport. I believe that this opportunity is ideal to apply what I have learned throughout my sporting career and my previous experience as an athlete representative in the ISCD, before the creation of World Shooting Para Sport.

One of my most outstanding skills is communication, as well as team management and in-depth knowledge of most athletes, thanks to my extensive sports career. These skills are, in my opinion, ideal to integrate into both the team and the organization. Throughout my professional career, I have actively participated in various sports management and athlete representation activities, both internationally and nationally. These experiences have provided me with extensive knowledge about the current situation of our sport and its athletes, knowledge that I could apply effectively in the role of chairperson. As a student, I have also developed dialogue skills, which I have honed through my professional and sports experience.

Finally, as an athlete committed to my discipline and with great interest in the sporting and structural challenges that await us, I am excited to run for the position of Chairperson of the Athletes Committee. I am looking forward to joining an organization with strong values.

My goal is to be part of a motivated and focused team, surrounded by talented people from whom I can learn every day.

To Whom It May Concern,

I am here to offer my assistance as a future athlete representative. I am devoted to represent our beloved sport in a new role. I believe a successful athlete's commission forms a bridge between the athletes and the organization. The experience I've gained as a soon to be 4-time Paralympian and Paralympic medalist gives me a lot insight of what are the needs and most important building blocks athletes need to succeed. I got so much from shooting sport during my career and now I would like to give back and help not just a current but the future generations in our sport have their voice heard in a constructive way. Due to my ISSF Judges License I can give more insight and therefore two-way help for future plans and decisions. As a future practicing psychologist, I am a committed advocate of a collaborative and facilitative approach. I can provide a comprehensive view not only as an athlete but also as a holder of ISSF Coaches "B" License. Starting of this year I am a mentor in the Hungarian Paralympic Committee's programme for athletes, where I provide guidance for my mentees in areas where I can help them with my authentic life experience, such as media communication, life coaching, time management, conflict management, successful collaboration with media and teammates, career and dual career planning. I am an external member of the Athletes' Committee of the Hungarian Shooting Federation and take part in shaping the initiative presented to the board. I have played a significant role in the implementation of integrated competition system in Hungary over the past years, therefore ensuring that emerging talents have the opportunity to compete in more occasions.

In hopes to be chosen for this role, I'd like to be part of a dedicated and joyful team to help our sport for future success.

Yours sincerely,

KRISZTINA DÁVID

NPC Endorsement Form – Athlete Committee

Signature:

Date: 07/05/2024

Official stamp of the NPC

By signing this form, the above-mentioned official duly confirm the NPC's endorsement of the individual nomination for election as a candidate of Athlete's Committee

Statement of Purpose

I am passionate about advancing para shooting sports as an athlete and am eager to leverage the experience gained from my activities as a member of the Japanese Athlete Committee in the WSPS Athlete Committee.

Having faced and overcome numerous challenges both on and off the shooting range, I understand the needs of the WSPS Athlete Committee.

From my own perspective, I would like to state what I see as the main challenges for WSPS to become independent from IPC.

1. Fundraising:

In developing sustainable operating expenses, I will work to obtain new sponsorships and partnerships to the extent possible once I become an Athlete Committee member.

2. Competition organization and management:

International competitions, building our own events, and reviewing and maintaining current events.

Explore the construction of new disciplines; SH1 class has R7 and R8, but multiple disciplines such as R7 and R8 have not been implemented in SH2 class due to the difficulty of the disability characteristics. Therefore, we will research the disabilities of athletes in each country and propose new events in the SH2 class, such as adding a new two-position event of prone and kneeling using the SH2 stand.

3. Athlete support system:

Develop a comprehensive support system for athletes, including medical support.

Review and improve the system based on IPC classifications, to the extent possible once I become Athlete Commissioner.

4. Athletes' rights and representativeness:

Establish a system to ensure that athletes are appropriately and fairly selected in the decision-making process of each national NF.

Strengthening communication with athletes and building a process to reflect their opinions.

I believe that properly managing these issues and finding solutions are essential to the independence and subsequent success of the WSPS.

I believe that the role of the Athlete Committee members is to serve as a link between the IF and the athletes, so I will establish a method for collecting athletes' opinions and coordinating with the IF, etc., so that no athlete will be disadvantaged by any of them.
