Carta de Intención

Estimados

Por la presente me dirijo a Ustedes con el objeto de expresar mi intención de integrar el Comité Deportivo del World shooting Para Sport (WSPS), Tiro Paradeportivo.

Es dable destacar el momento trascendental en el que nos encontramos como deporte de Tiro Paralímpico y su proceso hacia la unificación del movimiento en una sola representación; la importancia que conlleva la escucha de las distintas voces internacionales, en un nivel de asesoramiento y puesta en conocimiento del tratamiento de distintas temáticas, que devienen en programas de desarrollo y evolución.

En función de esta idea es que pongo en vuestro conocimiento mis inicios y formación; soy una de las Personas con discapacidad motriz, a la que se le negó la práctica deportiva en toda la etapa educativa y de formación. Convencida de ello resigne el deporte y abraza la carrera de abogacía, especializándome en la defensa de las Personas con Discapacidad, integrando distintas comisiones de Profesionales con y sin discapacidad en variados roles como Presidente, secretaria, delegada y representante. Fue en una de estas ocasiones, en la búsqueda de deportes de práctica para los colegas (2015) que el Prof. Jose Luis Campos (ex Pte del APC) me contacta con el Tiro Federal de Bs As.

Así comenzó esta pasión por mi actividad, que no solo me abrió la posibilidad de vivir un deporte, a pesar de la edad; sino también participar en competencias internacionales y participar en las gestiones de representación, en la Federación de Tiro Argentino y el Comité Paralímpico Argentino - COPAR, del movimiento del Tiro Paradeportivo en Argentina. Aún hay mucho trabajo por hacer, por lo que nuestro practica está en vías de desarrollo; pero estoy totalmente convencida que los avances se logran con formación y participación activa.

En abril del 2023 organizamos en Buenos Aires el 1er Campus Argentino de Tiro Adaptado con la participación del equipo oficial y entrenadores argentinos, de Chile y Uruguay; respondiendo así a la necesidad de interactuar de forma teórica en el conocimiento del deporte y la reglamentación, acompañado de la práctica. Con el aval de la Federación estoy dando comienzo a cursos de entrenadora y realizando las gestiones inherentes a la participación de los atletas activos en las competencias internacionales de alto rendimiento.

Soy consciente que mi experiencia deportiva no es tan extensa, pero quiero llevar también la voz del derecho de las personas con discapacidad a la práctica deportiva en pos de lograr una verdadera concientización de SER PERSONAS CIUDADANAS a través de la inclusión en la práctica deportiva, y en especial del deporte de tiro, que permite la práctica con apoyos específicos no obstante la complejidad de las patologías motrices o la edad. Adhiero a la significación que de forma lúdica y con compromiso las personas se despojan de sus barreras para expresar sin condicionamientos sus fortalezas y anhelos de vida.

Sirva la presente como expresión de intención de trabajo y compromiso a esta convocatoria, a la que solicito se tenga en consideración, agradeciendo desde ya vuestra invitación.

Saludo a Ustedes con mi más alta estima.

Letter of intent

To: World Shooting Para Sport

My primary intents in the World Shooting Para Sport (WSPS) would be to promote inclusion in shooting sport and to make the shooting sport world more united.

Since year 2020 I have been a part of the Finnish Paralympic visual impaired shooting team and learnt that specific shooting discipline besides the Finnish Shooting Sport Federation physical impaired shooting team disciplines in rifle, pistol and shotgun. Furthermore, I have visited f.ex a Polish training camp to expand my knowledge of para-shooting in other countries. I think I have a good understanding about inclusion challenges in different shooting sport disciplines.

During my years in the European Shooting Confederation (ESC) and International Military Sport Council (CISM) I have been involved in all shooting sports – rifle, pistol, shotgun and running target – both in an organisational level but also in practise not to forgot to mention many relationships with individual shooting officials around the world. One example of organisational work was incorporating the shotgun shooting into the military shooting sport and widen the CISM shooting to many new countries. In my opinion my understanding about shooting sport is sufficient to promote that all shooting sport should be under one unified international body. Naturally, activities for able and impaired body athletes, as well as discipline and age groups can be organised separately.

In my personal life situation, I can forward efforts and commitment to WSPS activities without major restrictions.

Sincerely yours,

Mikko Taussi

Shooting sport history in brief

After downsizing my career as a national level rifle shooter (10 – 300 metres) during 1970 - 1990's, I turned my activities into different shooting associations and forums. However, I still compete in shooting.

Years 1998 – 2018 I was the chief of the Finnish Military Shooting Team including rifle, pistol and shotgun (trap and skeet) disciplines.

Years 1999 – 2018 I was a technical delegate of the Nordic Military Shooting (Sweden, Norway, Denmark and Finland) and years 2009 – 2018 I was a member (vice president) in the Shooting Committee of the International Military Sport Council (CISM) until my retirement of my 30-year-long military career.

Years 2011 – 2023 I was a member of the board of the Finnish Shooting Sport Federation, and years 2013 – 2023 being a vice-president of the board.

Since year 2013 I have been a member of the Technical Committee (rifle) of the European Shooting Confederation (ESC). I have a ISSF judge license (A5932+EST) and have been nominated to juries in many international civilian and military events.

Since year 2020 I have been the head coach for visual impaired shooting in the Finnish Paralympic committee.

Dear Tyler

Duncan Tunbridge Sport Committee Nomination

Letter of Intent

It's a crucial time in the development of Shooting Para Sport and the Sport Committee will be uniquely positioned to ensure the future of our sport is protected as it prepares to leave the IPC.

I have worked in Paralympic sport since 2005 and my relationship with Shooting Para Sport has now lasted nineteen years. Over that time I have seen the sport continue to grow and improve, especially when the IPC took over responsibility of governance from the ISCD. Now it is time for another move, and we must make certain the long-term future of the sport is secure and the interests of the athletes are represented.

I believe I have the required skills and knowledge to be an asset to the Sport Committee in this transition. As part of the Performance Senior Leadership Team at British Shooting I am used to providing advice and strategic guidance to progress the sport in the UK and I am keen to use that experience to help WSPS into the next phase.

I am passionate about Shooting Para Sport. Having worked closely with so many athletes over the past two decades, including Paralympic medallists, I know the positive impact being part of this sport has had on their lives.

I am employed full time by British Shooting to manage the Olympic and Paralympic World Class Programmes in Rifle and Pistol. I therefore live and breathe the sport and am always working with athletes and coaches at training camps and competitions. I had the honour of being Great Britain Team Leader at Tokyo 2020 and am so excited to repeat that role at Paris 2024.

I also have experience of working across other Paralympic sports and within the British Paralympic Association, so I am familiar with the challenges faced in other sporting environments and how they have been addressed.

I have had significant involvement with governance at both international and national level. I have been company secretary at two National Governing Bodies in the UK and worked with World Boccia in 2013 when it left CPISRA to become the International Federation for Boccia.

I am also familiar with event delivery having been event director at IPC Shooting World Cups held annually at Stoke Mandeville between 2010 and 2016. In Boccia I have been competition director at a European and a World Championships, also acting as a Technical Delegate at many competitions.

I thrive in a collaborative environment and would welcome the opportunity of working with colleagues across the world of Shooting Para Sport on the Sport Committee to guarantee that the sport continues to flourish in the future. I would be honoured if you entrust me with that role.

Yours sincerely,

.....

Dear Sir or Madam

I entered the field of shooting in 2001, and my passion for it led me to pursue refereeing and coaching courses alongside my shooting endeavors.

Presently, I hold the position of Director of Physical Education at Iran University of Medical Sciences, overseeing 36 different student teams across various sports for a student body of 10,000. My daily responsibilities involve using office software's and virtual space applications, along with leading a team of 12 employees and 45 trainers through work meetings.

In the last two decades, I've held managerial positions in various fields, including sports, media, public relations, executive management, and human resources. My responsibilities have encompassed managing training programs, budgeting, hiring Executive and administrative staff and coaches, providing facilities and resources, preparing teams to participate in international competitions and organizing competitions as the Secretary of Iran's National Para Shooting Association.

Over the last two years, I've actively participated as a member of the technical and judge committee for the Iran Shooting Federation. This role has involved close collaboration on executive and technical matters for national teams across various age groups, talent scouting, and overseeing league competitions and national championships.

I began coaching early in Parashooting sport in my journey and actively sought various technical and psychological courses to enhance my skills, aiming to become a successful coach. Over the years, I've successfully guided numerous teenagers and young athletes into professional clubs and national teams. Presently, I serve as the coach for several members of the Iranian national shooting and para-shooting teams, who have earned numerous medals in world and Asian championships. Notable athletes under my guidance include Zahra Gholamzadeh, who qualified for the Paralympic Games in Paris, and Samira Eram, the former world record holder in open pistol shooting.

My pistol team, known as the Qom Province team, has secured the championship title in Iran's Premier League for the past two years, and I've introduced new talents to the national team.

Furthermore, I'm currently a student in the executive management program at Sharif University of Technology, one of Iran's premier institutions. This education has equipped me with valuable skills in strategic management, budgeting, human resources, teamwork, and decision-making.

My 25 years of experience in media and television, where I have served as a sports reporter, shooting expert and news anchor, have honed my communication skills. In addition, my extensive experience working with technical officials and international referees in more than 17 foreign and domestic competitions at ISSF and WSPS has strengthened my ability to work effectively in teams.

I am proud that I have spent many years of my life serving the goals of expanding sports especially among the disabled, realizing the dreams of young people, and the success of organizations. These passions and collective experiences have equipped me to succeed in my new role, and I look forward to gaining valuable experience working with the best teams in WSPS.

Thank you for considering my application.

Yours sincerely,

Majid Nezami

SPORTS CURRICULUM

Letter of intent

Throughout my entire life I have always been passionate about shooting sports, firstly as one of the most enthusiastic female shooters in Italy, collecting several sports achievements at national and international level, later on, serving the Italian Shotgun Federation (FITAV) as Member of the National Board and Vice President from the early 2000s to date.

I must admit that my passion for Shooting Sports reached the peak as I was asked in 2008 to supervise the experimental development national programme concerning Para Trap, an amazing para shooting discipline which I had the honour and privilege to develop in Italy and, back in 2014, to successfully submit to World Shooting Para Sport for recognition.

In my experiences at WSPS World Championships and World Cups from 2014 till today, I have met many talented organizers, caring staff members and incredible athletes, all sharing a true spirit of sportsmanship, such as I hadn't seen anywhere else before.

This is the main lesson I've learned: para shooting is a spectacular sport where amazingly talented sportspeople, duly and fairly classified, can do wonders.

That is why I commit myself to serve WSPS as Sport Committee Member and work on granting the best possible competition settings wherever each para shooter will decide to compete

April 8, 2024

Dear Sir or Madam,

I am writing this letter to inform you of my intent to enter the election for Chairman of the Sport Technical Committee (STC) for World Shooting Para Sport (WSPS).

As a committee member during the past eight years, I have become very involved with the working and policies of WSPS as well as the International Paralympic Committee. Knowing that WSPS will soon transfer to another governing body I believe that I can provide both stability and sustainability to the growth, training, and competitions programs currently in effect or being reviewed by WSPS. I can work with the sport manager for incorporating the leaving plan into a strong program to be assumed by the gaining entity.

I have experience working with the sport manager for WSPS while updating rules, reviewing equipment policies, and contributing to working out concerns for growth of the sport. Additionally, as a member of the ISSF Rifle Committee, I have had a unique opportunity to have extensive knowledge of shooting as an Olympic sport. This, along with my early work at USA Shooting to integrate both Olympic and Paralympic programs most efficiently, my level of experience is extensive.

Thank you for your attention to my intent to enter the election for Chairman of the Sport Technical Committee. Please feel free to contact me with further questions.

Sincerely,

Wanda R. Jewell
Member, Sport Technical Committee
