PREVIOUS EMPLOYMENT

PERFORMANCE COACH QUALIFICATION MANAGER

Athletics New Zealand 2013 – 2014

My position at Athletics New Zealand as Performance Coach Qualification Manager was writing a Performance Coach Qualification Framework during 2013-2014. This framework has enabled the assessment of performance coaches to identify areas of professional development and have a framework by which to assess the knowledge of performance coaches. This has been a project that has been developed from scratch by accessing research information, video data, writing the framework and the final stage is implementing the framework. This is something new for NZ high performance sport. This was a fixed-term contract.

BUSINESS MANAGER

NZ Academy of Sport South Island 2000 – 2012 (now High Performance Sport NZ).

My position at the NZ Academy of Sport South Island involved overseeing and managing all business, financial and administration services for the South Island. The Academy had up to 200 athletes plus coaches from Bluff to Tahaka which required servicing and follow up. The organisation started with a turnover of \$365,000 and when it was amalgamated to form HPSNZ it had a turnover of \$7.3M.
